

RAOCC 2025 Classic Car Show & Flea Market

As we are sure everyone has noticed, the vendor numbers in Car Parts area and Antique Flea Market have been dwindling. This is partially due to increased use of the internet as a source and vendors aging out. To encourage more available vendor space usage, we will be consolidating the Antique spaces with the Car Parts space area. The area at the back end of the Exhibition Hall, will be used for Antiques vendors moving from the Dairy Barn area and the Flea Market field area. There will be a large tent erected in the area behind the existing Exhibition Hall. Anyone moving from their spots in the Dairy Barn or Flea Market areas, will be given first priority for the new Large Tent area and any spaces **available** in the Exhibition Hall (after priority is given to previous years Antique Dealer spaces).

In our view, the *increased* foot traffic through a consolidated area, will benefit all.

Any questions can be directed to Sylvia Drelich (607-334-5038) or Dan Pedersen (607-334-6707). Spaces will be assigned and marked prior to Friday of Car Show Week.

Best Regards,

Dan McGrew
